HILLSBORO'S CENTENNIAL

Drew Vast Crowd of Home-Seekers,
Who Heard Noted Orators.

Hillsboro, O.—The 100th anniversary of the settlement of Hillsboro was a banner day in the history of the town. There were over 20,000 visitors, and the railroads and traction lines have been taxed to their utmost capacity for the past week in conveying home-comers from all parts of the union. The exercises began with an industrial parade over three miles in length. It was participated in by all the principal manufacturing and business interests of the city. A half dozen bands gave a series of concerts. The exercises proper began at 2 o'clock, Col. D. Q. Morrow presiding. Addresses were made by Judge Cyrus Newby, Judge S. F. Steele, George L. Garrett, of this city; Judge Tod B. Galloway and J. S. Boardman, of Columbus, and Dr. R. T. Trimble, of New Vienna.

MRS. MCKINLEY'S BODY REMOVED
Martyred President's Corpse Is Also Put in New Casket.

Canton, O.—The new casket containing the remains of Mrs. McKinley rests in a sarcophagus in the McKinley mausoleum on Monument Hill.

On guard at the tomb are United States regular soldiers. A half mile distant, to the south, in the vault that has held the remains of President McKinley, still rests the body of the late president, but in a new casket, which will be transferred.

Here, too, soldiers are on watch. The bodies were taken from the other caskets which have held the president and his wife since death and laid in the duplicate caskets especially constructed for the mausoleum. The state of preservation of both bodies was pronounced good.

Attempted Blackmail.
Bellefontaine, O.—Chas. A. Dudum, of Cleveland, a draftsman, was brought here to face a charge of blackmail preferred by the Bellefontaine Bridge and Steel Co., in whose employ he had formerly been. Dudum, it is charged, wrote a letter to the company demanding that if a draft for \$100 were not sent to him at Cleveland he would inform an Indianapolis concern that certain work being done for it was not according to contract.

Guardian Jailed.
Wamsleyville, O.—Jesse Wamsley, of this place, a widely known land owner, is under arrest on the charge that he has been criminally intimate with his 13-year-old ward. The complainant is Mrs. F. A. Coleman, wife of Wamsley's nephew. She alleges that Wamsley offered her \$300 for her silence in the case.

One Man Killed.
Zanesville, O.—The storm that passed over the Muskingum valley caused one death and much property damage. At Deavertown, Morgan county, Herman Pletcher was struck by lightning and killed. The large barn of Isaac Ford, near Fultonham, was razed by a bolt.

Authorizes Goes Mad.
Sandusky, O.—Mrs. Helen Kelsey Fox, of Vermilion, writer of children's stories and widely known as a contributor to magazines, was adjudged insane by Judge Sloane and committed to the Toledo asylum. Her condition is due, physicians say, to overwork.

Underground Lake the Cause.
Wooster, O.—One hundred feet of Erie railroad bed one mile west of Creston fell 20 feet, making it impassable. It is believed that a large underground lake lies in the vicinity, as other roads and railroads have had the same trouble.

Hamburger Was Bad.
Lima, O.—Ten families here are in the throes of typhoid fever as the result of eating hamburger steak. The typhoid germs have been traced to the meats, and now an epidemic is feared.

A Chinaman's Fear.
Mingo Junction, O.—Yee Fong, a Chinese laundryman of this place, who had become mentally unbalanced for fear his money would be stolen, was found dead with his throat cut in a ravine near here.

Farmer Assigns.
Wapakoneta, O.—John Metz, once a wealthy farmer, living two miles east, made an assignment for the benefit of his creditors. The assets are about \$12,000, and liabilities over \$9,000.

Gets Big Plant.
Urbana, O.—The American Automatic Telephone Co. will move to this city from New York state and will employ 500 mechanics. Urbana completed the raising of \$150,000 stock which was required by the company.

Receiver Is Named.
Lima, O.—Charles H. East has been named as receiver of the Anchor Oil Co., with properties in Allen county and Auglaize. The company was organized among Lima people in 1894 and it is said the treasurer has never made an accounting.

Fourth Brother Killed.
Cambridge, O.—John Manley, aged 24 years, a male driver in the Ideal coal mines, was killed by a fall of slate. He is the fourth brother in the family to meet death in the same manner.

Medical Societies Meet.
Magnetic Springs, O.—The medical societies of Union and Delaware counties held a meeting here, which was well attended. Among those who read papers were Dr. Robert Crothers, of Cincinnati, and Dr. Wells Teachnor, of Columbus.

Dairy Plant Crippled.
Wellington, O.—Lightning struck the building of the local branch of the Bellevue Dairy Co., demolishing the smokestack and twisting the boiler so that it will be some time before the plant can resume operations.

WAGES OF STUDENTS

Working on John D.'s Estate Cut This Year to Make a Saving.

Cleveland, O.—John D. Rockefeller saved \$198 this summer. Eleven young men working their way through college are just so much the poorer for the saving. In the last 10 years Rockefeller has given \$55,000,000 to the cause of education, \$21,400,000 to Chicago university alone.

In the summer months Rockefeller has always employed college men to work on his Forest Hill estate. Their business is to mow the lawns and keep the drives in shape. They have been paid \$1.50 a day. This year a policy of strict economy was adopted. "What wages did you get when you worked here before?" Superintendent Jones asked the applicants this summer. "One dollar and a half a day, from 7:30 to 4:30, with an hour for lunch."

"Well, you'll have no such snap here this year. We'll pay you \$1.25 a day and you'll work from 8:45 till 5, with 45 minutes for lunch."

USE OF CHEMICALS

To Make Old Potatoes Look Like New Is Claimed.

Columbus, O.—Rejuvenated potatoes are the latest products in the market that threaten to cause trouble to the state dairy and food department, and upon the report from the local markets they are abroad in the land. Food Commissioner Dunlap received a complaint from a professor at the Ohio State university that he had secured a sample of the potatoes and explains them as being of last year's crop. The sprouts have been removed and some chemical preparation has been placed on the coat. This causes it to give a husky peel, such as is the nature of the new potato, besides a healthy pink appearance. Mr. Dunlap has not stated what he intends doing in the matter, and there is a question if anything can be done, unless they are sold for this year's crop, or the treating chemical is deleterious.

Health Conference to Be Held.
Columbus, O.—A conference of the state board of health with representatives of local boards of health has been called for Thursday, October 17, to be held in Cincinnati. This conference will be held under an act passed by the last legislature, and each city, village and township embraced in the southern half of the state is required to send a representative.

Showed Great Nerve.
Wellston, O.—William Pickering, of Portsmouth, B. & O. brakeman, while attempting to get aboard an engine slipped and had both legs crushed. Pickering showed most remarkable nerve, as he would take no anesthetic while his legs were being amputated. He died a few hours after the operation, before his wife arrived from Portsmouth.

Kidnaped Her Own Son.
Urbana, O.—Mrs. Mary S. Shaffer kidnaped her own son, an 11-year-old boy, it is alleged, and left on a south-bound train. Shortly after the birth of the boy Mrs. Shaffer was unable to care for her son and took him to the Children's home, and some time ago Mrs. Anna Goldsberry took him out. The latter refused to give him up when Mrs. Shaffer came for him.

Despondent Wife Suicides.
Paulding, O.—Mrs. Walter Harmon, 26, living near Oakwood, O., committed suicide by taking carbolic acid. Before committing the act she phoned her grandmother and mother. She lived but a short time after the arrival of relatives. Despondency on account of ill health was the cause.

Soldiers' and Sailors' Reunion.
Athens, O.—A two days' reunion of the Athens county soldiers and sailors was held here. Gov. Harris was in attendance, the guest of Maj. J. M. Goodspeed. The regiments most prominently represented were the 92d, 18th and 75th, the last of which counts the governor as a member.

Ohio Man Missing.
New York.—Norman A. Churchill, 75, a former resident of Berea, O., is missing from his home. His sister, Miss Sophy Churchill, reported his disappearance to the police. He is in feeble health and is supposed to have wandered away. He came here from Berea five years ago.

Receiver Named.
Marion, O.—Upon the application of the board of directors of the Long Dump Wagon Co., Charles E. Merkle was named receiver, his bond being fixed at \$10,000. The company was organized three years ago, but has been engaged in active business since last April.

Avoiding a Train.
Martins Ferry, O.—Superintendent of Streets James Miskell and George McCue, of this city, were run down by a car of the Wheeling Traction Co. and seriously injured. In avoiding a railway train they drove onto the street car track.

Charged to Black Hand.
Columbus, O.—The body of Tony Nalok, an Italian laborer, was found in the Pan-Handle yards with his skull crushed by a coupling pin. The murder is supposed to be the work of the "Black Hand."

\$2,000 Found in Old Couch.
Dayton, O.—George Kohler, stepson of Mrs. Francesca Kohler, who died recently, found more than \$2,000 secreted in a couch and under the seat of an old chair, just before these articles were turned over to charitable institutions, as provided in her will.

Czolgocz Family in Want.
Cleveland, O.—M. Czolgocz and his wife, parents of Leon Czolgocz, the assassin of President McKinley, have applied to the charity department of the city for assistance. Czolgocz is 33 and his wife 75 years old.

TOAD ALIVE 6,000 YEARS OLD.

Dug Out of Solid Cement Bed by Australian Miner.

A miner has sent to the zoological gardens, Perth, Australia, a live toad which he dug out of a strata of hard cement, while sinking a shaft with explosives. It is believed that the creature has been entombed for centuries.

When released from confinement the toad was quite inanimate, its eyes, which were transparent, and no pupil, gradually became normal, and it is now in excellent health. The chamber in which it was confined was perfectly smooth, and there was no room for movement. The toad is now being examined by geologists. The secretary of the zoological gardens cites an instance of a toad being found in a bed of magnesian limestone 25 feet under the earth. The age of the toad was believed to be 6,000 years. This creature was presented to the Hartlepool museum.

"It is well known," he says, "that toads at the present day bury themselves in mud when the water in which they have been living dries up, and so remain there till the next rains come."

"If a drought sets in, and no rain comes to that spot, there will be no change in the condition of the toad, and therefore nothing to bring him to a state of animation, and so he may continue for all time, until some one comes along with a plug of gelignite to unearth him."

"This seems very hard to believe, but still we have the fact that the toads are there, alive, and so must have got there somehow. In some cases they have been found at great depths under the surface imbedded in rock, as in the present instance."

"The toads seem to be in a state of suspended animation, and do not lose weight when in that condition."

A Gracious Absence.
The half hour in the drawing room before dinner was an interesting "first impression" of that indescribable combination of warmth and frost known as a London hostess.

Further experience taught me that Mrs. Marchbanks was a typical one. The London hostess' invariable mode of procedure is a sudden inordinate gush of welcome, followed by an icy stare. By the time you have politely responded to the welcome your hostess has forgotten your existence. Nay, more, she seems almost to have forgotten her own. She is vague, self-absorbed and quite oblivious to your existence. I have heard of a lady with a gracious presence. The London hostess is best described by a gracious absence.—Putnam's.

Vegetables in the Klondike.
Foodless no longer is the Klondike. Hotel keepers there say that they never have used celery equal to the celery grown in the Yukon territory. Some 200 tons of vegetables and 400 tons of hay were grown there last year, despite the brevity of the summer season. The vegetables include potatoes, cabbage, turnips, carrots, beets, celery, etc. There is good coal for business purposes, timber, copper, and other minerals, and quantities of fish and game.

Death of the Lawyer.
Phoney—Say, Butt, when I die I hope it'll be like a lawyer I once heard of!
Butt—How's that?
Phoney—Dis lawyer died pleadin' at the bar, and dey carried him out on a beer!—Bohemian Magazine.

A Hawk That Never Falls.
A persistent hawk has taken more than 100 chickens from the premises of Walter Wade in Bloomfield. The bird is of the pigeon species, swift of wing and seemingly sure of its prize every time. The people about the house have endeavored to scare it away, but it invariably gets its prey. Once it starts on its upward flight all the small birds in the vicinity set sail for it, endeavoring to force it to release its victim, but the hawk soon outstrips them and gets away with its tender morsel.—Hartford Courant.

In Harness.
"It must be fun," suggested the friend, "to daily daily with these shafts of wit."
"Not when you're hitched between 'em," responded the press humorist with a sickly smile.—Louisville Courier-Journal.

Average Life of Ships.
The average life of an American ship is only 15 years, while that of a British vessel is 26 years. The Scandinavian average is the best. It is 30 years.

A MISSOURI WOMAN

Tells a Story of Awful Suffering and Wonderful Relief.

Mrs. J. D. Johnson, of 603 West Hickman St., Columbia, Mo., says:

"Following an operation two years ago, dropsy set in, and my left side was so swollen the doctor said he would have to tap out the water. There was constant pain and a gurgling sensation around my heart, and I could not raise my arm above my head. The kidney action was disordered and passages of the secretions too frequent. On the advice of my husband I began using Doan's Kidney Pills. Since using two boxes my trouble has not reappeared. This is wonderful, after suffering two years."

Sold by all dealers. 50 cents a box. Foster-Milburn Co., Buffalo, N. Y.

NO PLACE FOR HIM HERE.

Alabama Judge Did Not Think Deceased Would Miss Much.

"Your honor," said a prosecuting attorney in an Alabama backwoods court, "the prisoner at the bar is charged with killing one of the most exemplary citizens of this county. Thomas Jones, your honor, was in every respect a model man. He was a member of the church; he was never known to bet on horses, play poker, drink whisky or use tobacco. He—'Hold on a minute,' said the judge. 'You say he never bet on a horse?' 'That's what I said, your honor.' 'Never was known to play a game?' 'Never your honor.' 'And he never drank liquor?' 'Never drank a drop, your honor.' 'And he didn't chew tobacco?' 'Never took a chew in his life.' 'Well, then,' said the judge, 'I don't see what he wanted to live for. There wasn't anything in life for him, and I don't see why he ain't about as well off dead as alive. Release the prisoner, Mr. Sheriff, and call the next case.'"

FIFTEEN YEARS OF ECZEMA.

Terrible Itching Prevented Sleep—Hands, Arms and Legs Affected—Cure in 6 Days.

"I had eczema nearly fifteen years. The affected parts were my hands, arms and legs. They were the worst in the winter time, and were always itchy, and I could not keep from scratching them. I had to keep both hands bandaged all the time, and at night I would have to scratch through the bandages as the itching was so severe, and at times I would have to tear everything off my hands to scratch the skin. I could not rest or sleep. I had several physicians treat me but they could not give me a permanent cure nor could they stop the itching. After using the Cuticura Soap, one box of Cuticura Ointment and two bottles of Cuticura Resolvent for about six days the itching had ceased, and now the sores have disappeared, and I never felt better in my life than I do now. Edward Worrell, Band 30th U. S. Infantry, Fort Crook, Nebraska."

Kismet.
Kismet is an Arabic word meaning "fate," or "it is fated." A belief in predestination is one of the fundamental principles in the Mohammedan faith. Not only a man's fortune, but his deeds, and consequently his future reward or punishment are, according to this faith, irrevocable, and thus unalterable, pre-ordained—a doctrine which has contributed largely to the success of Islam by inspiring its champions with the greatest contempt for the dangers of warfare. When a Mohammedan meets with any disaster or misfortune, no matter how great, he accepts the situation calmly, merely saying, "Kismet"—"it is fated."

Wear Pajamas on Cars.
"I learned something from the porter on our train this morning," said a hotel guest. "I noticed him pick up the coat to a pair of pajamas while he was making up one of the berths. Whoever had occupied the berth had got off the train, evidently, and left the garment behind. 'Forgot part of his nightgown,' eh?" says I to the porter. The porter grinned broadly. "Wasn't any his about it, boss," he says. "It was a lady that was in that berth last night. Yes, sah. Lots of 'em seems to like them to wear on the cars. I guess they think they're better in case of a wreck or sump'n like that."

Transmission of Warts.
"Recent experiments show that the popular belief that warts are communicable is warranted," says a writer. "Inoculation of healthy tissue with blood obtained from a wart will cause the growth of a similar excrescence. It is thought that these growths contain an ultramicroscopic germ to which is due the transmission from one person to another. At all events, persons who have warts should take measures to have them removed at once."

No Trouble at All.
Mrs. Peppery—The rector of that fashionable church of yours certainly has an easy thing of it.
Mrs. Swellman—But he is a good shepherd, and—
Mrs. Peppery—Oh, it's easy to be a good shepherd when the sheep are all fat and prosperous.—Philadelphia Press.

KNEW VALUE OF AN OATH.

Colored Witness at Least Was Aware of Its Pecuniary Worth.

Clarence S. Darrow, the well known lawyer and essayist, discussing the Haywood trial, in which he played so prominent a part, said the other day:

"Some of the evidence in that trial was so transparently false that it reminds me of a case that came off in Alabama a few years back. One of the witnesses in this case was an extremely ignorant man. As his testimony progressed, his ignorance became so shockingly evident that the judge, looking sternly down at him said:

"'Look here, sir, are you acquainted with the value of an oath?' 'The witness answered anxiously: 'Jedge, I hope I am. That that lawyer on yer left hand gimme six dollars to swar agin the other side. That's the correct value of an oath, ain't it, jedge?'"

Horrible Method of Suicide.

Most people have at some time witnessed revolting sights, but the falling of a suicide from the cathedral tower onto the pavement, 210 feet below, into the midst of the hurrying noonday crowd, upon whose faces and clothes his exploding debris scattered itself, which was seen in Antwerp recently, beggars description. A merchant known as Jacques Simons lately left his wife and two children at home, as if to go on some business errand, made straight for the cathedral tower, climbed it, and without an instant's hesitation, hurled himself into space. History relates that no one has jumped from this tower since the suicide of its architect, to whom a popular legend of the sixteenth century attributes the same fate, small bits of brass marking the spot on the pavement where he fell.

A Strenuous Hint.

It was growing very late, but the young man in the parlor scene showed no signs of making a home run. "You evidently have a very vivid imagination, Mr. Borem," said the dear girl, as she made an unsuccessful attempt to strangle a yawn.

"Why do you think so?" queried the unsuspecting Borem.
"I thought perhaps you imagined yourself in the Arctic regions, where the nights are six months long," she explained.
And 30 seconds later he had faded into the glumsome gloom.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional Cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts on the blood and mucous surfaces of the system. It offers one hundred dollars for any case it fails to cure. Send for circular and testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists.

Shrewd Scheme.
Traveler in Parlor Car—Porter, that fellow will give you a quarter for dusting him off, won't he?
Porter—Yesir!
Traveler—Well, I'll give you half a dollar to leave the dust on him and not trush it off on to me.

RICO'S CAPUDINE CURES
It removes the cause, soothes the nerves and relieves the aches and pains. It cures all cases of Rheumatism, Gout, Neuralgia, Headaches and Grappling. 10c, 25c and 50c bottles. (Liquor.)

The Real Burden Bearer.
"The late Senator Pettus," said a Selma man, "came to view with a little alarm, in his later years, the immense and unrestricted immigration to our shores."
"Walking one evening with him, I pointed to a foreigner marching along at the head of his family. The man was tall, erect, robust, a superbly handsome fellow."
"There," I said, "is a fine figure of an immigrant. See how he carries himself."
"Senator Pettus laughed bitterly. 'Yes,' he said, 'and see how he lets his wife carry everything else.'"

Not Exactly That Kind.
"Did you get a complimentary ticket to the show?" inquired the pass fiend.
"Well," answered the man with influence, "it's a free ticket, but if you had heard the remarks of the manager as he was filling it out you wouldn't call it very complimentary."

The impression given at the latest exposition in Berlin of invention is that liquid air will soon enter the field as a very serious competitor of steam and electric power.

Mrs. Winslow's Soothing Syrup.
For children teething, softens the gums, reduces inflammation, allays pain, cures colic. 25c a bottle.

But few men are able to retain their self-conceit after marriage.

TUMORS CONQUERED

Overwhelming Proof that Lydia E. Pinkham's Vegetable Compound Succeeds.

One of the greatest triumphs of Lydia E. Pinkham's Vegetable Compound is the conquering of woman's dread enemy, Tumor. The growth of a tumor is so insidious that frequently its presence is wholly unsuspected until it is well advanced. So called "wandering pains" may come from its early stages or the presence of danger may be made manifest by excessive monthly periods accompanied by unusual pain, from the abdomen through the groin and thigh. If you have mysterious pains, if there are indications of inflammation or displacements, secure a bottle of Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, right away and begin its use. The following letters should convince every suffering woman of its virtue, and that it actually does conquer tumors.

Mrs. May Fry, of 836 W. Colfax Ave., South Bend, Ind., writes:

"I take great pleasure in writing to thank you for what Lydia E. Pinkham's Vegetable Compound has done for me. I also took the Blood Purifier in alternate doses with the Compound. Your medicine removed a cyst tumor of four years' growth, which three of the best physicians declared I had. They had said that only an operation could help me. I am very thankful that I followed a friend's advice and took your medicine. It has made me a strong and well woman and I shall recommend it to as long as I live."

Mrs. E. F. Hayes, of 26 Ruggles St., Boston, Mass., writes:

"I have been under different doctors' treatment for a long time without relief. They told me I had a fibroid tumor, my abdomen was swollen and I suffered with great pain. I wrote to you for advice, you replied and I followed your directions carefully and today I am a well woman. Lydia E. Pinkham's Vegetable Compound expelled the tumor and strengthened my whole system."

Mrs. Perry Byers, of Mt. Pleasant, Iowa, writes:

W. L. DOUGLAS
\$3.00 & \$3.50 SHOES
BEST IN THE WORLD
DO NOT SHOOT EVERY MEMBER OF THE FAMILY AT ALL PRICES.
\$25,000 (to any one who can prove W. L. Douglas shoes do not make a pair of shoes for \$3.00 & \$3.50 shoes (than any other manufacturer).
THE REASON W. L. Douglas shoes are worn by more people than any other make, is because of their excellent style, easy-fitting, and superior wearing qualities. The selection of the leather and the making of the shoe, and every detail of the making is looked after by the most complete organization of superintendents, foremen and skilled shoemakers, who receive the highest wages paid in the shoe industry, and whose workmanship cannot be excelled. If I could take you into my large factories at Brockton, Mass., and show you how carefully W. L. Douglas shoes are made, you would then understand why they hold their shape, fit better, wear longer and are more comfortable than any other shoes.
My \$3.00 and \$3.50 Gilt Edge Shoes cannot be equalled at any price.
CAUTION! The genuine W. L. Douglas name and price stamped on bottom. Take No substitutes. Ask your dealer for W. L. Douglas shoes, or write direct to factory. Shoes sent everywhere by mail. Catalog free. W. L. Douglas, Brockton, Mass.

TUMORS CONQUERED

Overwhelming Proof that Lydia E. Pinkham's Vegetable Compound Succeeds.

Dear Mrs. Pinkham:—
"I was told by my physician that I had a fibroid tumor and that I would have to be operated upon. I wrote to you for advice, which I followed carefully and took Lydia E. Pinkham's Vegetable Compound. I am not only cured of the tumor but other female troubles and can do all my own work after eight years of suffering."

Mrs. S. J. Barber, of Scott, N. Y., writes:
Dear Mrs. Pinkham:—
"Sometime ago I wrote you for advice about a tumor. My doctors thought would have to be removed. Instead I took Lydia E. Pinkham's Vegetable Compound and to-day am a well woman."

Mrs. M. M. Funk, Vandergrift, Pa., writes:
Dear Mrs. Pinkham:—
"I had a tumor and Lydia E. Pinkham's Vegetable Compound removed it for me after two doctors had given me up. I was sick four years before I began to take the Compound. I now recommend Lydia E. Pinkham's Vegetable Compound far and near."

Such testimony as above is convincing evidence that Lydia E. Pinkham's Vegetable Compound stands without a peer as a remedy for Tumor Growths as well as other distressing ills of women, and such symptoms as Bearing-down Sensations, Displacements, Irregularities and Backache, etc.
